OFFICE OF ENERGY PROJECTS

Project No. 12496-002 – California
Lassen Lodge Hydroelectric Project
Rugraw, LLC

Charlie Kuffner
Rugraw, LLC
70 Paseo Mirasol
Tiburon, CA 94920

Reference: Acceptance of License Application

Dear Mr. Kuffner:

Your license application for this project has been accepted by the Commission for filing as of April 21, 2014, but is not ready for environmental analysis at this time. A public notice for this project will be issued shortly soliciting interventions and protests on the application. Federal and state resource agencies, Indian Tribes, and interested non-governmental organizations affected by this project, are informed by the Commission's public notice that a copy of the complete application may be obtained directly from you.

We will, also, shortly issue and solicit written comments on a scoping document which we will use to guide our environmental assessment. After completing the scoping process and receiving any additional information that we may require, the Commission will issue another public notice informing that the application is ready for environmental analysis and soliciting comments, recommendations, terms and conditions, or prescriptions on the application, and your reply comments.

Please call Adam Beeco at (202) 502-8655, if you have any questions.

Sincerely,

Timothy Welch, Chief
West Branch
Division of Hydropower Licensing
